

Congratulations to **Beverly Baker**, President of the National Older Women's Network and past Chair of the Older Women's Network NSW for her **Lifetime Achievement Award** for her voluntary work. Bev has been and remains a lifelong advocate for public education, equity, and the rights of older women. In both roles, she modernised the organisation and expanded its advocacy to include homelessness, aged care, employment discrimination, and abuse. A truly well-deserved award! Learn more > HERE.
